Why TruScore?

The foundation of a data-driven approach to ACT score improvement starts with TruScore.

- **Don't Fly Blind:**

  Start the year with the data you need. Our fast turnaround means that your teachers are data-enabled from the beginning of the semester and ready to act when it matters most.

- **Instructional Focus:**

  Subject-specific reports enable each department to set realistic instructional priorities that will drive improvements in college readiness outcomes.

- **Start Early:**

  College readiness starts freshman year. Share this performance data with your freshman and sophomore teachers to start remediating deficiencies early and set up year-after-year score gains.

- **Remediation Plans:**

  Incorporate student reports into individual remediation plans for seamless integration of college readiness skill development.

- **Quantify Problems in Content and Test-Taking Skills:**

  Ever heard it said that your students are bad test takers? Now you can see exactly where their problem areas are! Determine at a glance if there are issues with content, test-taking skills, or both.

- **Pain-Free Test Administration and Grading:**

  No printing. No sorting. No grading. We provide all documents. We even furnish the return label. Simply stack the answer sheets in a box and send them back. We will receive your answer documents, score them, and send your results the next business day!

- **Aggregation:**

  All reports are available at the district, school, teacher, class, and individual student level.

- **TruScore ACT Data Review:**

  In this half-hour web conference, a MasteryPrep expert provides a walkthrough of your data report, recommends priorities, and helps your team convert data into action and score improvements.

Actionable Data

After students take their practice tests, we provide detailed reports that give teachers clear test-taking skill metrics, powerful insights into student performance, and data-driven recommendations as to what actions to take to boost outcomes. All TruScore data is available online, as a spreadsheet download, or as a full-color PDF export for easy sharing.
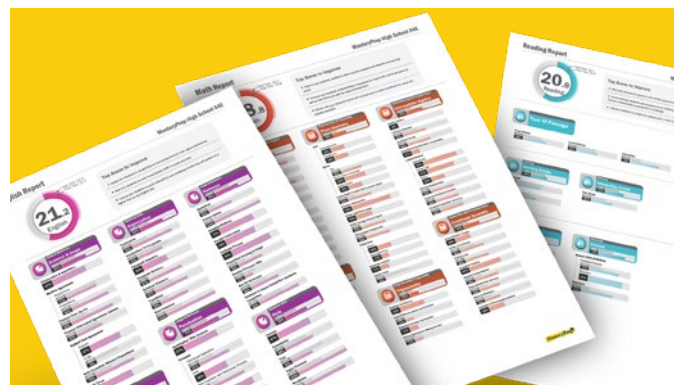

Overview Report:

Overview of performance in each subject area across more than 20 key metrics, including student composite and scale scores.

Student Score Report:

Available for students and parents. Provides score analysis, recommendations, and answer key in an easy-to-read, one-page format.

Subject Breakdown Report:

Detailed analysis of over 150 individual skills that are tested on the ACT. Specific enough for your teachers to take action. For example, instead of just giving geometry scores, we show that your students specifically need help with the Pythagorean Theorem.
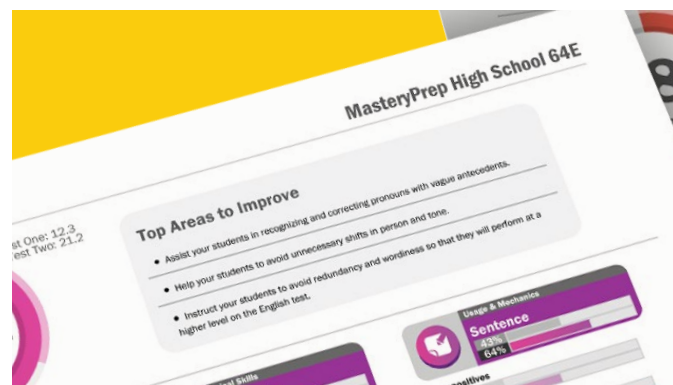

Recommendations:

Automatic recommendations based on our extensive research of 70 official ACT tests, 15,000 test items, and over 50 million real student performance data points.
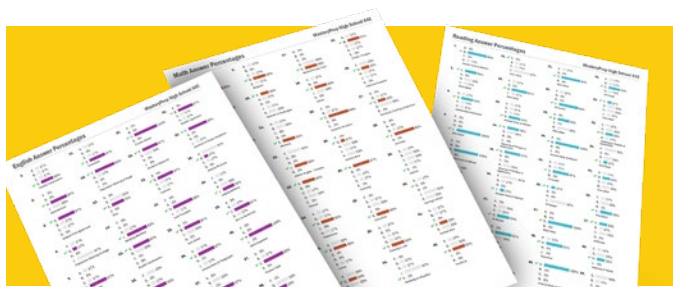

MasteryPrep

Test-Taking Skills Report:

Quantifies your students' relative strengths and weaknesses in seven essential test-taking skills, including time management and the process of elimination.

Threshold Report:

Helps you strategize on how many students are above or below your target ACT scores.

Item Analysis:

Shows how many of your students selected each answer choice for a test item.

Score Summary:

Shows your students' ACT scores in each subject area for easy reference.
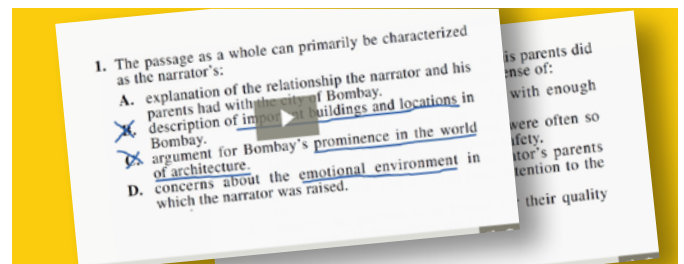

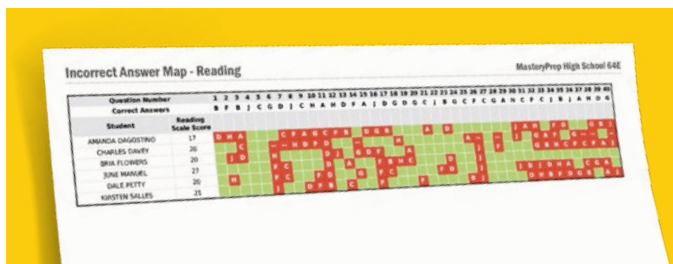

Answer Maps:

See at a glance the answer choices that each student selected. Test data also available as .csv for easy analysis and sorting.

Explanation Videos:

Detailed explanation videos are easy for students to follow and strengthen college readiness skills. Just because your students missed a question doesn't mean they need to miss it again.

Study Hall at a Glance:

- Each ACT college readiness standard is linked to an engaging video playlist

- Over 220 videos (12+ hours)

- 300+ practice questions help students master what they've reviewed

- Analytics provide insight into usage and progress

- Recommendation algorithm creates personalized learning paths based on test performance

Why Study Hall?

All TruScore data is available as a spreadsheet download or as a full-color PDF export for easy sharing.

Convenient Data-Driven Prep:

Content covering literally every topic the ACT has ever tested on, accessible in a single click and available to instant search and filtering.

Test Mastery + Content Mastery:

Our comprehensive library of videos led by MasteryPrep's top instructors provides tips and techniques for mastering content along with test-taking skills.

Learning + Doing:

After students watch the playlist, they answer a series of practice questions that isolate the skill discussed and help lock in what they've learned.

Adaptive Learning Paths:

Each student receives personalized recommendations based on their practice test data. Once they've completed each set of recommendations, they receive more. In this way, students spend time on the topics most likely to improve outcomes.

Comprehensive, Flexible Resource:

Direct students to access Study Hall for self-guided, on-demand prep, or integrate individual videos or practice sets into the classroom as enrichment. Sort and filter to find the exact resource you need.

MasteryPrep

MasteryPrep is the quintessential diagnostic tool for excellence in preparation for the ACT…

"MasteryPrep offers a reliable and valid means of assessing our students on the ACT at an economically viable price point. This gives us great longitudinal data for tracking student growth as we are entering our fourth year in our partnership with MasteryPrep. Customer service is beyond excellent and the product is continually revised to meet the needs of our district."

- Andy Schoggin, Assistant Superintendent/COO at Petal School District, MS

"Thank you so much! Great turnaround with the data! I appreciate it."

- Jennifer Rogers, Lead Teacher Morton High School

"We are so excited to have this feedback to pinpoint where our students need remediation. Thank you so much for the ease of this process and quick return of results. I will be recommending your product to others!"

- Tonia Easley, Counselor Vardaman High School

"MasteryPrep is the quintessential diagnostic tool for excellence in preparation for the ACT. My students' use of MasteryPrep has yielded more post-secondary college opportunities, while providing assistance in career-minded participants, because of a significant increase in ACT test scores."

- Fredrick L. Hickmon Ph.D., Principal Choctaw Central High School
